## ANNUAL MEETING MACLEOD GENERAL HOSPITAL

The annual meeting of the Macleod General Hospital was held on Tuesday Nov. 23rd, in the Rest Room. There was a fair attendance of ratepayers present. J. Swinerton, chairman of the board occupied the chair. In the absence of the secretary, G. H. Scoullall, Mr. Mercer acted as Secretary. The financial statement for the past year ending October 31st was read, and after full discussion and explanation of the various items of the report by the chairman, the report was unanimously adopted. The report showed that the finances of the hospital are in a satisfactory condition, with all debts paid, and now paying its way.

Dr. Kennedy, who was present, made a few complimentary remarks regarding the management of the hospital, also stating that he did not think there was a better equipped hospital of its class in the province, or a more efficient staff. He stated that the hospital was now equipped with all the latest improvements to be found in the larger city hospitals.

The board of management was unanimously re-elected with W. H. Shield, M.L.A., as hon. president, the members of the Board being as follows: J. Swinerton, C. A. Mercer, C. W. Stevens, Wesley Shield, and Geo. McFarquhar, with Mayor J. W. McDonald, and W. A. Day, chairman of the town finance committee, as representatives of the town council. The appointment of the various officers of the board will take place at the first meeting in December.

## TEN MINERS LOST LIFE IN COLEMAN MINE DISASTER

Coleman, Nov. 24.—Mine rescue teams of Coleman and Blairmore worked during the long hours of Tuesday night and Wednesday morning transforming a high pressure ventilation line into a water line preparatory to flooding the McGillivray Creek colliery, which blew up Tuesday morning, taking the lives of ten members of the mine in the lower levels and which may cause further explosions which would imperil the workings of the International mine extensions adjacent.

All hopes for the men have long since been abandoned and it may be days before the bodies can be removed, particularly if the present plan of flooding the mine is carried into effect. There are five points through which the mine may be flooded. Smoke and gas fumes continued to pour out of the mine all day yesterday and last night. This morning the pungent odor of burning debris can be detected along the valley for miles.

## THE EMPRESS THEATRE -- CURRENT ATTRACTIONS

**"THE UNHOLY THREE" IS UNUSUAL CROOK DRAMA**  
Tod Browning's Latest Thriller Has Lee Chaney, Mae Busch and Great Cast—Unusual Underworld Drama—About Criminal Adventures of Trio of Freaks Recruited From Dime Museum

Tod Browning's "The Unholy Three," a Metro-Goldwyn-Mayer picture, will come to the Empress Theatre next Monday and Tuesday. This picture is said to be something entirely new in the way of crook melodramas.

It concerns the adventures of a trio of crooks who leave a dime museum and during their criminal operations give rise to a romance that lends a great quantity of color to the plot.

It is a film adaptation of C. A. Robbins' story and has a peculiar twist that has never been seen in any other play of his type.  
Director of Crook Films  
Tod Browning, who enjoys the reputation of being the most successful underworld film director in the business, was responsible for the direction of the picture. Browning has been directing crook films for many years, one of his outstanding productions of that kind being "Outside the Law."

Mae Busch, who has done such excellent work in pictures during the last few years, notably "Brenda" and "The Christian" and who is now a Metro-Goldwyn-Mayer featured player, portrays the leading feminine role—an Irish-American girl who is in league with the underworld band.

Lee Chaney, the screen's greatest make-up artist and character man, is the leader of the crook trio and appears in the role of a sympathetic heavy. The remainder of the crook trio consist of Victor McLaglen, famous English leading man, who played opposite Lady Diana Manners, and Harry Earles, a thirty-five year old misanthrope who masquerades as a baby. Matt Moore plays the male romantic lead opposite Miss Busch.

and Mathew Betz takes the part of Detective Reagan.

**Silent "Talkative" Parrots**  
The action of "The Unholy Three" takes place in and about New York City. The film opens with a cheap museum but the plot is soon transplanted to a bird and animal store operated by "Mrs. O'Grady," whose expensive parrots for some mysterious reason are quite dumb in the homes of their owners, but who always were eloquent in the presence of the old lady.

Following a particularly atrocious murder, the trio place the blame on Hector McDonald, a clerk in the bird store, who has fallen in love with the girl.

The latter is dragged away to a mountain retreat and is saved in a most awesome manner by a powerful ape which, when attacked by two of the crooks, escapes and eventually becomes the instrument that saves the hero and unites him with the heroine.

The script was prepared by Waldemar Young and photographed by David Kesson.

**"EAGLE OF THE SEA," A TALE OF PIRATE ROMANCE AND ADVENTURE—FRANK LLOYD PRODUCTION WITH FLORENCE VIDOR, RICARDO CORTEZ NEXT WEDNESDAY AND THURSDAY**  
Ahoy there, lubbers! A fleet of plundering pirates is coming to town!

Hang out the banners. Get out your cutlasses and come on down to the Empress next Wednesday and Thursday for that's the date on which Frank Lloyd's "The Eagle of the Sea" moves into harbor. Those who've read Charles Tenney Jackson's novel, "Captain Sazarc," know that it's the tale of Jean Lafitte, the dashing devil-dog, last of the Spanish Main buccaners.

Packed with action, romance and color, "The Eagle of the Sea" starts at a time when General Anderson is being welcomed back to the city he'd saved, New Orleans. Lafitte, a fugitive from justice, visits the town in disguise. While there, a number of things happen. He falls in love with the belle of the south, is recognized by Jackson, becomes involved in a plot to rescue Napoleon from St. Helena, succeeds in averting an international war and—but why continue? Certainly, after these few words, you too, will feel a stirring in your bones; pirates will once more move you to action even as they did when you were just a kid and—you'll be there to cheer "The Eagle" on.

Florence Vidor and Ricardo Cortez are featured in this new Paramount production. Julien Josephson prepared the screen play. The director of "The Sea Hawk" has produced another picture which can easily be placed alongside of the first without losing any of its own glamour.

**ANOTHER SMASHING SEA STORY FROM FRANK LLOYD. THE MAN WHO MADE "THE SEA HAWK"—FLORENCE VIDOR AND RICARDO CORTEZ FEATURED**  
Swashbuckling pirates aboard Spanish galleons flying the skull and cross-bones, quaint New Orleans in 1820, for seventeen years under the Stars and Stripes but still a bit of the Old World; love in moonlit gardens, encounters between men-of-war and merchant ships in the dead of night, rear of cannon mingled with a pounding of the sea—that, in brief, is a glimpse of "The Eagle of the Sea," Paramount's titanic spectacle which comes to the Empress Theatre next Wednesday and Thursday.

This photoplay, representing one of the greatest unachieved in recent years, is the first production to be made for Famous Players-Lasky Corporation by Frank Lloyd, the man who won everlasting fame with "The Sea Hawk." Aside from Florence Vidor and Ricardo Cortez, featured players; the cast is composed of such prominent artists as Andre Beranger, San De Grasse, Mitchell Lewis and scores of others.

"The Eagle of the Sea" is the romantic story of Jean Lafitte, last of the buccaners, who with a price on his head, comes to New Orleans as

## LABOR FEDERATION CALLS FOR PUBLIC INVESTIGATION INTO COAL MINE DISASTER

Edmonton, Nov. 24.—An inquiry into the cause and results of the recent McGillivray mine disaster will be made by the provincial government's mine branch, according to a statement by Premier Brownie this morning. It will be conducted under the Public Inquiries Act, but has not yet been decided. The matter was under discussion in the cabinet Tuesday afternoon when the premier and his ministers decided that a wider investigation than in the case of the Hillcrest disaster will be necessary because of its much greater seriousness.

It is understood that representations from various interests and organizations are likely to be made to the government in regard to the matter, and Mr. Brownie says that opportunity will be given them when arrangements for the inquiry are complete.

FIVE-DAY LABOR AND WAGES

Ethelbert Stewart, statistician of  
the U. S. Department of Labor, dis-

agrees with Judge E. H. Gary.  
Judge Gary says it stands to  
reason a workman cannot produce  
as much in five days as in six.  
Statistician Stewart says a work-  
man, in 1925, not only could but did  
produce more in five days than he  
could in six in 1914. At least this  
is true of eight important American  
industries which Stewart has just  
finished investigating.

The credit goes to improved  
methods and labor-saving machinery.  
The automobile industry has in-  
creased more—200 per cent—in out-  
put per man-hour than any other  
studied. At the foot of the list is the

boot and shoe industry, with 16.5  
per cent. The other six vary from  
25 to 60 per cent.

Statistician Stewart began his in-  
quiry following the American Fed-  
eration of Labor convention in 1925.  
Before that, labor has professed it-  
self satisfied with a "living wage."  
The 1925 convention announced that,  
therefore, it must share in the  
profits from the immense increase  
in industry's efficiency. It must have  
not only a "living wage" but, if it  
was producing corresponding more,  
something over.

To determine what was a "living  
wage," it was necessary to consider

the wage with the cost of living.  
This having been answered, it was  
easy to determine what Stewart  
calls the "real wage."

When labor made its new declara-  
tion in 1925, however, it became  
essential to ascertain, besides the  
wage and what it will buy, how  
much the workman produces in re-  
turn.

It was an almost uncharted field,  
but the statistician has pushed his  
researches energetically. His con-  
clusion thus far is that the five-day  
week is no mere experiment with  
Henry Ford, but that it is coming  
in the industries generally.

## THE LAST MYSTERY

They will place the cold body of  
the great Houdini in his famous air-  
tight bronze coffin, that he used in  
his stage performances, and send  
him on his way to study the great  
mystery—death.

For years Houdini has been the  
unwavering foe of spiritism. Now  
he will learn about it. He will find  
out just where the ghosts live that  
show their wan faces in the parlors  
of mediums and ring bells with their  
pale fingers.

Having conquered the mysteries  
of earth, he will delve into the  
mysteries of heaven.

Death and what comes after it are  
always interesting. It will be  
doubly interesting to one whose life  
was the pursuit of elusive things,  
the investigation of those phenomena  
that man cannot understand.

The fields of asphodel and the  
streets of gold will have little inter-  
est for Houdini. His harp will prob-  
ably go unplayed. He will be too  
busy asking the question, "Where  
do I go next, and why?"

The last mystery—the unfinished  
leaves in his bronze coffin on the  
mystery—will engross him. He  
greatest adventure of all.

Captain Sazarek. Just a few of the  
exciting scenes which will be shown  
are the capture of "The Seraphine"  
by Cortez' pirate crew, the abduction  
of Miss Vidor from an American  
merchantman, a mutiny of the  
corsairs when Cortez refuses them  
permission to loot their prize, and  
the battle between buccaners and  
Spaniards which results in the blow-  
ing up and sinking of a galleon.

Charles Tenney Jackson wrote  
"Captain Sazarek" from which "The  
Eagle of the Sea" was adapted.  
Julien Josephson prepared the screen  
play. All work was done under the  
supervision of Associate Producer

STRONGHEART'S FIGHT ON  
"HEAVY" TOO HEAVY!—IN  
JACK LONDON'S FAMOUS  
ALASKAN STORY "WHITE  
FANG"

There was one actor who heaved a  
big sigh of relief when the last foot  
of his work before the camera was  
shot and he could leave the cast of  
"White Fang" with a whole skin.  
And he nearly didn't leave it that  
way! Matthew Betts was that actor.

In one of the many thrilling  
scenes of this faithful reproduction  
of the great Jack London novel, Betz,  
who played the villain's role, is  
caught and killed by "White Fang"  
in an attempt to abduct the fiancée  
of his beloved master. The fight is  
sensational in the extreme; dog and  
man rolling all over the lower floor  
of a magnificent home, breaking  
furniture and nearly breaking their  
necks. Betz tells the story this way:

"I guess 'Strongheart' never  
could get it out of his head that I  
was a 'heavy.' Anyway, he never  
liked me. I can usually make up to  
most dogs, but I never got to first  
base with 'Strongheart.' It's funny,  
too; he took to Teddy Von Eltz the  
first thing, and in the story he is  
supposed to be Von Eltz's shadow.  
But every time I came near him he  
growled, and bristled like a porcu-  
pine."

SPEND YOUR MONEY  
IN MACLEOD

Purchases representing thousands of dollars are lost to us, to our trade, to our clerks and employees, to our laborers and artisans, to all the people of Macleod who exist on the products of their work. This money, if spent at home, would help to recreate Macleod financially, give a wider field of activities in business, would be helpful to every resident of this town.

If we purchased regularly from local merchants, this money would circulate in Macleod in a welcome manner. Our merchants merit our patronage; it is to our interest, and the duty of all of us to encourage the local merchant. He is one of us, he lives among us, he has the right to be encouraged by us, he is anxious to have our custom, and to give us satisfaction. We should under all circumstances give him preference, price for price, quality for quality. And nearly always the price that our local merchant asks is, if we compare the quality, just as cheap as that of the outside merchant.

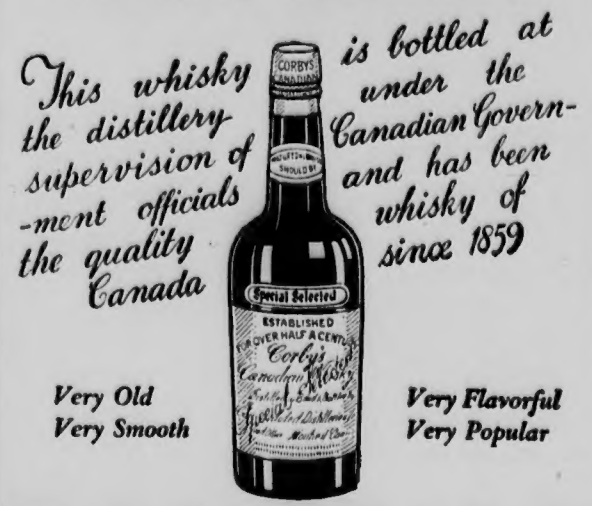

Never purchase merchandise by catalogues from foreign houses before assuring yourself that you cannot procure the same articles, of the same quality (and frequently of better quality) at the same price from your local merchant.

Government to Operate E.D. and B.C.

In an official statement issued this week, Premier Brownlee of Alberta, announces that the Government will take over and operate the Edmonton, Dunvegan and B.C. Railway, into the Peace River country, commencing November 11. The operating agreement under

which the C.P.R. has been operating the road expires on November 10, under the three months' notice given by the Government last August.

The announcement is made at the same time that a traffic agreement has been signed by the Government with the Canadian National Railway, whereby the C.N.R. will handle all traffic from the E.D. and B.C. and for that line, under which agreement the present freight rates now enjoyed by the residents along the line will be continued. The agreement also provides for the use of the Canadian National Railway depot and terminals for the trains of both the E. D. and B. C. and the A. and G. W. lines. John Callaghan, Deputy Minister of Railways, is named general manager of the road.

Under the new conditions, the Alberta Government is sole owner and operator of the E. D. and B. C. and is in a position at this time to enter negotiations for an outright sale of the road, should it decide to do so. The latest offer of the C.P.R. for a further lease of the line, made only this week, and which was \$50,000 better than the last previous offer, was rejected by the Government, which was opposed to tying up the line under any further agreement, preferring to remain in a position to be free to negotiate the sale of the road if thought desirable. The Premier states in his official announcement that the Government has confidence in the railway department's ability to operate the road at an operating profit.

Western Canada Dairy Convention  
The annual convention of the Western Canada Dairy Association will be held in Edmonton, February 8, 9, 10 and 11 next.

Corn Show at Lethbridge  
The annual Lethbridge corn show was held during the past week, when 1,500 ears of prize corn were on exhibition. The sweepstakes of the show was won by D. W. Treese, of Purple Springs. The annual provincial corn show will be held at Medicine Hat the coming week.

Record Yields of Wheat  
Further returns received at the Provincial Department of Agriculture indicate the heavy yields of wheat that are being recorded in various parts of the province. Alex. Godkin at Majorville, reports 38 bushels an acre on 100 acres; H. Sorensen of Leduc had 37 bushel average on 104 acres; M. Martin of Strone reports 39 bushels over 100 acres, and H. Linde of Gwynne had 43 bushel average on 30 acres. On 200 acres at Heister, D. Morgan had an average of 38 bushels. F. Vilbet near Westlock had a 43 bushel average, and Allan Gallinger at Clairmont, in the Grande Prairie District had a 40 bushel average on 220 acres. Wm. Knapp at Ferintosh had 41 bushels an acre. The Pincher Creek Echo reports D. D. Orent of Fishburn as having harvested 36 bushels an acre on 600 acres, and A. Primeau of Pincher Creek as having threshed 40 bushels an acre on 20 acres.

It will be time enough to talk about changing religion when men grow up to the present one.

If you speak softly, people will think you are well-bred or a boot-legger.

Popular after-dinner speech: "I'll do the dishes for you, mother."

One way in which you can tell the difference between upper and middle classes is that they gossip about different people.

Possibly the best way to run with butter-milk is if it holds up without the aid of a little corn bread.

"Ye have not chosen Me, but I have

chosen you, and ordained you, that

ye should go and bring forth fruit,

and that your fruit should remain."

She dwelt especially on doing work

that would remain.

In the evening at 7 o'clock she met

with the C. G. I. T. group of the

church and gave a thoughtful and

interesting talk to the girls on the

GENERAL MERCHANTS—DRY GOODS, LADIES' AND MEN'S  
UNDERWEAR, BOOTS AND SHOES, GROCERIES, VEGET-

ABLES AND FRUITS.

Get ready for your Xmas Pudding and Cake. A plum pudding to

be good should be made a month before cutting into. The birth

place of the Xmas cake and all these indigestible delights was

in England. Don't forget to order early your crystallized fruits,

raisins, currants, peel, candies, nuts and other dainties. The

cider we have is so good that we are afraid that we may sample

it too heavily. There is a limit to human endurance in resist-

ing temptation. It is not so much the loss of the cider as the dis-

appointment to you.

Poise is the quality that enables a woman to look serene when

she feels something is loose or the sensation of a bad fitting

stocking. Our shapely hose give you perfect confidence in the

fiercest winds that blow, or the exquisite polished dance floor

where an accident may happen to you at any time, when your

heels and legs may instead of treading the daisies—he kicking at

the stars above.

Don't forget these specials for the coming week and Xmas.

Ladies kid and gunmetal Balmorals, clear out at \$2.50.

Youths' Overcoats at less than cost.

SPECIALS—Ladies Silk Bloomers, Stepins, Nightgowns, Silk

Kimono, Princess Slips, Silk and Wool Hosiery.
